

JEWELLERY STORE OF THE YEAR

Hockley Jewellers

JEWELLERY QUARTER

Hockley Jewellers has been a family run business for more than 40 years. Conveniently located on Vyse Street, next to the railway station in the Jewellery Quarter, the shop stocks a glittering range of sensibly priced jewellery for every occasion and offers same day in-house repairs. Hockley Jewellers works alongside their sister stores, Warstone Jewellers and Vintage & Modern (Trojan Findings), which specialise in wedding rings and diamond set jewellery, as well as housing the workshop and manufacturing facility. Together, the jewellers provide a comprehensive service supported by knowledgeable and experienced staff.

The judges were particularly impressed by the customisation facility offered at Hockley Jewellers, which allows customers to design and create their own special pieces that make for even more personal gifts to loved ones. The jewellery experts have a wide selection of stunning gemstones to choose from when considering their own designs and the helpful staff are happy to offer advice on how best to arrange them within unique and handcrafted casings. With a great collection of engagement rings and range of pendants, earrings, necklaces, bracelets and other gift ideas, Hockley Jewellers is the perfect place to pick up something beautiful for that special someone.
